

Happy New Year!

The breakout story of the year was the answer to many years of fervent prayer. The Supreme Court overturned Roe v Wade and put the matter of abortion rights back into the state's hands. Considering this monumental decision, the role of pregnancy centers has not changed. Women are traveling to abortion-friendly states to 'take care of' their unplanned pregnancies and pregnancy centers must be open and ready to educate women about ALL of their choices. Sadly, the state of Colorado has some of the most liberal abortion laws in America.

CHOICES provides free services and programs for those with unplanned pregnancies, beginning with pregnancy testing, and including limited OB ultrasound for those who qualify. We also offer a sexually transmitted infection (STI) testing program for chlamydia and gonorrhea. For those choosing to parent their child we offer parenting education classes. In this program, the parent is paired with a mentor to learn parenting skills using our curriculum and are awarded baby bucks in this process. They may use the baby bucks to shop in our baby boutiques. We have peer educators who are invited as guest speakers into the high school health classes with Education for a Lifetime's Pursue program. This is an interactive conversation about whole person health and how the effects of risky behaviors may impact someone for a life time. Our nurse also presents about sexual anatomy, sexual reproduction and STIs. Lastly, for women suffering from the effects of their abortion decision, we offer confidential classes that bring hope and healing to hurting hearts.

Here is some feedback from our clients from each of these programs. This information comes from their exit surveys about their experience with CHOICES:

Pregnancy Testing

- ◆ I like the fact that the people at CHOICES are not judgmental and they do not make you feel like you have made a mistake!
- ◆ The kindness the advocate showed me.
- ◆ They were easy to talk to, and gave me all the information I needed.

Ultrasound

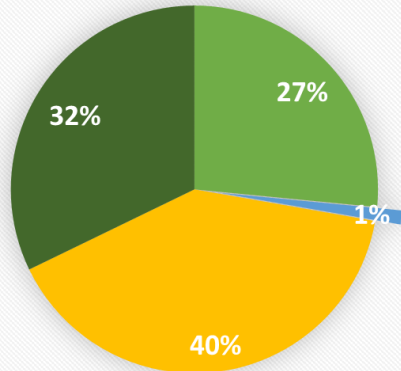

- ◆ I was able to find out more about where I am in this pregnancy and what to do next.
- ◆ I really do thank this facility for being free and having so many resources for women.
- ◆ Thank you, guys, for doing what you do and providing this community with a helpful and loving place to go.

STI Testing/Treatment

- ◆ I did not feel judged by the staff, and the nurse was very easy to talk to.
- ◆ I learned things today that I have never been told about sexually transmitted infections.
- ◆ I now know how common it is to be exposed to STIs and how to avoid them.

Earn While You Learn Parenting Education Program

- ◆ Thank you for the loving and compassionate staff that has helped us grow through this parenting education and mentoring program.
- ◆ The classes are helping us learn to be better parents; the baby bucks are so helpful to provide the diapers, wipes, and clothes we need.
- ◆ We love the relationship we have made with our mentor. Thank you, CHOICES!

Education for a Lifetime/Pursue

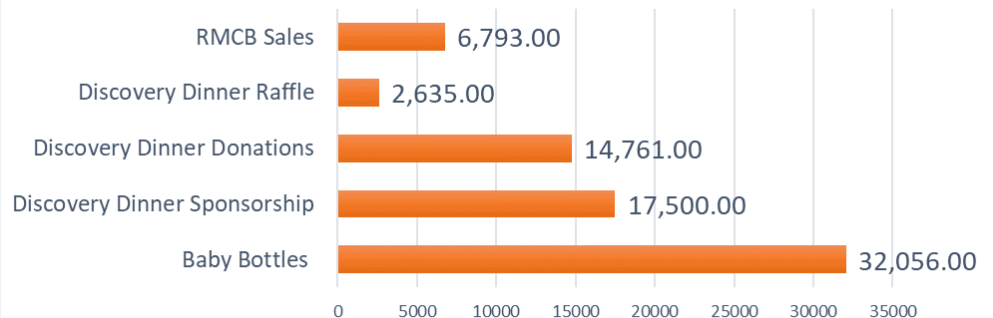

- ◆ I learned the difference between healthy and unhealthy relationships.
- ◆ I learned how to give and receive consent, and how to set boundaries and not feel embarrassed.
- ◆ I am thankful consent was talked about because it is a serious issue.

After Abortion Care/Surrendering the Secret

- ◆ I never knew I had permission to grieve the loss of the child I aborted.
- ◆ I didn't realize how my abortion(s) would impact my relationships.
- ◆ Receiving God's forgiveness for my decision to abort has been life giving.

CHOICES experienced a huge measure of grace in 2022 with your response to our fundraising efforts!
Thank you!

We are grateful for a Board of Directors who serve faithfully and give wise leadership.

A Note from CHOICES Executive Director...

As we welcome the new year, 2023, I would like to say how grateful we are at CHOICES for your faithful support over this past year. With the rapid changes in our world today, and with so many finding themselves in financial hardship, CHOICES has been blessed abundantly again. Thank you!

I hope you enjoyed reading the feedback we shared from some of the clients we served in 2022. This is just a small amount of feedback as there isn't enough space to share everyone's experience. The overwhelming response is one of gratitude and surprise sometimes, at how respected and cared for these people feel. This is a testimony to the staff we have in place at each of our centers. Women who have been called to love others who find themselves in very difficult circumstances. At CHOICES we offer love and support, without judgment, along with free services to help open the door for deeper conversations. In those conversations, educating those willing to listen. Our hope is they choose life for their unborn child and life for themselves, as they learn to make healthier choices. This is important work for dark times in this old world. We are grateful for your support to help make this possible. It is an honor to serve here.
